EXCLUSION ORDER
AGAINST IRISHMAN
TO BE APPEALEDSpecial Board Refuses to
Admit Lord Mayor of
Cork Without PassportCase May Be Referred to
State Department For
Decision.

Washington, Jan. 6.—Secretary Wilson on the labor department announced today that he has granted a parole to Lord Mayor O'Callaghan of Cork, detained at Newport News by immigration officials on his own recognition pending decision as to his admission into the country.

Washington, Jan. 6.—Exclusion of Daniel O'Callaghan, Lord Mayor of Cork, was ordered yesterday at Norfolk by a board of special inquiry. O'Callaghan appealed from the ruling and the case eventually will be referred to the state department for decision as to whether it will waive the special passport regulation.

Meantime O'Callaghan himself, has made an appeal direct to the state department in the hope that the absence of a passport might not deprive him from the United States.

Secretary Wilson's decision in O'Callaghan's case, it was indicated today by the department of labor officials, will rest upon that of the department of state on account of the diplomatic character of the questions involved in O'Callaghan's entry into the country.

Frederick C. Howe, chairman of the commission of one hundred investigating conditions in Ireland, sent today to the Lord Mayor at Newport News the following telegram:

"Owing to the fact that British government agrees not to place obstacle in way of witnesses invited by the commission on Ireland, I do not connect report of your landing as stowaway with the invitation extended you more than two months ago by the commission. Regret this exceedingly. Next meeting of commission in Washington, January 7. You and Mr. MacSwiney are invited to appear and testify."

Mr. Howe also announced that he had taken a photo of the mayor's case with the immigration authorities here.

Newport News, Va., Jan. 6.—Although it was possible the reported conflict of views of local immigrant authorities might result in delay, friends of Daniel O'Callaghan, Lord Mayor of Cork, who arrived here Tuesday as a stowaway on the American steamer West Cannon, were hopeful that today would bring a decision from Washington granting him admission to this country.

L. R. Parker, local immigration inspector, yesterday entered a formal order for the exclusion of the Irish official but Inspector Schumaker, chief of the district, with headquarters at Norfolk, was said to have recommended that O'Callaghan be permitted to enter.

Even if the lord mayor is admitted under the immigration laws, it was said, the case would have to be referred to the state department for a decision, as O'Callaghan was without a passport.

The Cork mayor still declined to discuss his presence in the United States but Peter MacSwiney, brother of the late Terence MacSwiney, who accompanied him here on the West Cannon, said they had "some startling revelations" to make from the chief judge of the Commission of One Hundred which is investigating the Irish situation.

O'Callaghan is said to have some important affidavits that he submitted to the immigration authorities. It was said, sought to obtain these papers but to date their efforts have proved futile.

Today there hung around the neck of Lord Mayor O'Callaghan, the heavy gold chain which is said to have been worn by Lord Mayors of Cork during the past 600 years. According to Peter MacSwiney the chain was not surrendered by his brother until the election of O'Callaghan.

Upon his arrest and imprisonment the late Lord Mayor was said by his brother to have turned over to the British authorities all of his possessions except the historic chain. That he declared he would hold as long as life remained in him. The chain, made of heavy plain links is worn around the neck and caught up from the waist to a fastening on the waistcoat.

Colonel Fitzgibbon had acted as judge in numerous celebrated cases of a semi-political nature and had incurred much enmity in consequence. He was regarded as a Venetianist and had received many threatening letters.

He had held the post of judge advocate for 15 years and was 55 years old.

U. S. LIQUOR PERMITS

New York, Jan. 6.—Lawrence Malachuk, agent of the National Surety company was arrested today at the corporation's Broadway office by secret service men on charges of offering government agents bribes totaling more than \$100,000 for assistance in connection with liquor permit frauds.

Borrowed Husbands

Mildred K. Barbour's latest and best serial "Borrowed Husbands" will be published in the Advocate beginning next Monday, January 10.

Readers who followed Mildred Barbour's (Mildred Marshall) interesting story, "Married Strangers," in the Advocate several months ago will find this new married life serial of absorbing interest.

This is the story of a girl who is so "square" in spite of her charm and prettiness that her women friends are willing to donate their husbands as escorts and dancing partners when her husband goes away on a year's archaeological expedition to Peru. But why relate the story in advance? It will be told in short daily installments of about 500 words each, beginning Monday, January 10.

HERRICK, LOWDEN AND MUNSEY MAY BE
AMBASSADORS UNDER HARDING REGIME

Frank A. Munsey, left; Myron L. Herrick, right; Myron T. Lowden, below.

Among the most important appointments to be made by Harding are those of the ambassadors to foreign countries. Probable elimination of Frank O. Lowden as a cabinet possibility has caused political experts to link his name with the post of ambassador to Great Britain. Former ambassador to France, Myron T. Herrick, may be returned to that post, it is rumored. Frank A. Munsey is talked of as ambassador to Italy.

WISCONSIN COACH TOBACCO SLUMP
ROASTS O. S. U. STARTS BANK RUNCharges Wilce, Team, and
Student Body With Un-
sportsman-like Conduct
at State-Wisconsin Game
Last Fall.

Madison, Wis., Jan. 6.—The break in Big Ten football relations between Wisconsin and Ohio State universities became more acute today with a statement from Coach John R. Richards of Wisconsin, intimating that he would resign if Ohio State is ever again put on the Wisconsin football schedule. Richards' statement expressed his "personal disappointment" over failure to arrange a game with Ohio State for 1921, declaring "other Wisconsin men agree with me that we did not get fair dealing." Other Big Ten universities rearranged their schedules to secure games with Wisconsin. Richards' statement says, "In striking contrast to Wilce's (Ohio State coach) consideration for Wisconsin, his alma mater."

Thinly veiled charges of unsportsmanlike tactics at the Wisconsin-Ohio State game last fall constitute the main reason for Richards' declaration that "no team I coach will ever play Ohio State." "Football is only worth while as an intercollegiate sport," Richards' statement concluded, "when mutual regard and sportsmanship prevail. There has often been discernable in the middle west a disposition on the part of institutions just arriving athletically to consider athletics a standard of excellence in the whole grant of university duties."

They indulge in a species of self-adulation and lose sight of many things essential. Visiting coaches are treated to insulting remarks, visiting players are subjected to abuse from the students. The visiting team is bedded in on the side lines by a crowd wearing side-line badges, while vacant seats exist in the stands; the officials are instructed and browbeaten; the local press likes to ridicule the members of visiting teams and wax facetious about their nationality—all of which is perhaps a phase, but most conference universities have long since passed it. Wisconsin saw all this at Ohio last fall.

"Football is a fine game but it is only a game. Wisconsin so regards it and keeps it subordinate to required university work and will allow its team no foolish notions or national aspirations or coast jante—and we could have had the latter."

It was announced today by County Prosecutor Edward C. Stanton. The jury in the first trial disagreed after being out 48 hours.

Several Hundred Depositors
Withdraw Money
When Rumor Starts That
Loans Are Made on To-
bacco Crop.

Lexington, Ky., Jan. 6.—Frightened by rumors that the Bank of Commerce of Lexington, an institution with a capital stock of \$200,000, was overladen with tobacco notes and paper, depositors started a run on that institution this morning. A crowd of several hundred persons was in front of the bank at noon and tellers were paying out money as fast as they could count it.

Where the rumor originated no one seems to know and Cashier F. G. Stiltz at noon issued a statement saying that all paper held by the bank was amply secured by lands and other property. He also gave out a statement signed by a Lexington clearing house committee which said that the committee had examined the books of the bank and found it to be solvent in every way.

A large amount of cash was sent to the bank this morning by other institutions of the city.

The last financial statement of the bank, which is a state institution, showed that it had resources of \$3,397,450.87 and deposits of \$2,496,695.16. Notes and bills discounted totaled \$2,251,436.49.

FAULTY FUSE ON BOMB
SAVES WHOLE FAMILY

Cleveland, Jan. 6.—A faulty fuse in a bomb probably saved the lives of James Destasio, a fruit dealer, his wife and children this morning. Destasio found the bomb, composed of six sticks of dynamite wrapped in clay, in his back yard. A trail of fine white ashes marked the front of the fuse, which had burned within two inches of the bomb.

Three weeks ago, Destasio told the police he received a letter demanding \$3,000 and threatening him and his family with death if the demand were not complied with. He ignored the letter, which was signed "The Black Hand."

Rates Modified Before
Emergency Bill Is Passed
By Senate.

Washington, Jan. 6.—Senator Penrose, chairman of the senate finance committee, announced today he would support the house emergency tariff bill although he hoped for certain modifications of the rates.

The senator's announcement was made at the conclusion of first open hearings on the measure by his committee. In a formal statement he said he desired to correct "a misunderstanding which seemed to have gotten abroad concerning the status of the so-called emergency tariff." He denied that there was any difference of opinion among Republicans upon this measure.

U. S. MAIL BOAT LOST
IN ALASKAN WATERS

Washington, Jan. 6.—The United States mail boat Pulitzer, with at least seven men on board, has been missing since December 15 and may have been lost in the straits of Shelikoff, Alaska. Secretary Payne was advised today by Governor Ragsdale of Alaska. Both the navy department and the coast guard service have been asked by Secretary Payne to send out searching vessels.

The governor said the straits constitute one of the roughest stretches of water along the Alaskan coast, but that there was a possibility the crew had landed at some Indian village and had not been able as yet to communicate with the outside world.

The Pulitzer may have had some few passengers on board, the governor's message said.

The vessel was provisioned for about a week's cruise it was said.

NEW GOVERNOR
IS INSTALLEDMassachusetts Inaugurates
Governor Channing H.
Cox and Coolidge Be-
comes Private Citizen For
Few Weeks.

Boston, Jan. 6.—Channing H. Cox, today inaugurated as the 48th governor of Massachusetts amid tributes of ceremonial brilliance. Vice President-elect Calvin Coolidge, his predecessor after relinquishing office left the state house without escort.

The new governor will remain in office for a private citizen for the few weeks that remain before his inauguration at Washington.

The vice president-elect made no announcement as to his plans. It is expected that he will spend most of his time at his home in Northampton where problems confronting the incoming administration will receive his consideration.

The Ponzi quick rich scheme was recalled by Governor Cox in the inaugural when he urged protection of small investors as one of the most urgent problems before the commonwealth.

"The most effective way to discourage theft and to retard the accumulation of capital is to permit fraudulent promoters to rob the people of their savings," he said.

The governor declared that worthless or fraudulent securities amounting to \$20,000,000 are sold annually in Massachusetts.

OF CLEVELAND SLAYER

Cleveland, Jan. 6.—Organizations interested in checking the present crime wave in Cleveland were said today to be planning an investigation into just how Harry Holden, life term convict for the slaying of two Cleveland men, who was pardoned from the Columbus penitentiary yesterday, gained his freedom.

Holden had served eleven years, being convicted after two trials, on a first degree murder charge "with mercy" for the killing of Bernard Jacobs and his son, Harold, in the robbery of the Jacobs Pawnshop on December 5, 1908.

TOBACCO MEN MAY
DROP 1921 CROPProposal Will Be Fought
Today at Mass Meeting at
Lexington By President
of Burley Growers As-
sociation.

Louisville, Ky., Jan. 6.—Conferees to bring about a settlement of the tobacco situation in Kentucky has been suggested to Governor Edwin P. Morrow, who has the matter under consideration.

Lexington, Ky., Jan. 6.—Tobacco growers throughout the burley tobacco belt of Kentucky today were meeting at the various county seats to select delegates to a mass meeting here tomorrow of persons interested in the business. The meeting was called with the avowed intention of seeking favorable action on a proposal to do away with the crop of 1921 and to seek some solution of the program of marketing the 1920 crop at a price satisfactory to the growers.

Tobacco markets were open today, most of the warehouse owners in the smaller centers following the lead of Lexington. Mr. Sterling, Covington, Mayville, Carlisle and Paris which closed on Tuesday for at least a week. Sales continued at Covington, Richmond and Eminence, prices at those places having proved more satisfactory to growers than in most of the other parts of the district. At Eminence, better grades brought \$24 to \$45 per 100 pounds.

Directors of the Burley Tobacco Growers association, which has consistently opposed, through its president, John W. Newman of Versailles, the movement to drop the 1921 crop, will meet here tonight to determine finally the attitude of the organization toward the mass meeting tomorrow. Some directors of the association are openly in favor of the plan outlined in the call for the meeting, but T. H. Hill of Mt. Sterling, states that he did not believe the organization could afford to back the plan, although he personally was in favor of not planting tobacco this year.

Unsuccessful efforts have been made during the last two days to induce the warehouse men of the Louisville market to halt their sales pending solution of the difficulty in central Kentucky. T. H. Hill of Mt. Sterling, one of the leaders in the effort to close all of the markets and "cut out" the 1921 crop, said today, however, that he believed they would yield to the demand for the growers if they decided as a body to grow it. The Louisville market handles only tobacco which has been redried and placed in hogheads.

PRIORITY ORDERS
MADE COAL HIGHERRail Association Man Tells
Senate Committee That
Roads Protested Against
Order Being Issued.

Washington, Jan. 6.—Interstate commerce commission priority orders issued by the coal shortage last year may have helped to increase prices A. J. Gauthier of the American Railway Association testified today before a senate committee investigating committee. He said the association had protested against the orders which were prepared by the National Coal associations under the customs of practice allowed by the commission.

Colonel D. B. Wentz, president of the National Coal Association was questioned as to war department coal purchases. He testified to owning large interests in several coal companies.

Colonel Wentz in a statement correcting testimony given by him at a former hearing said he had purchased 72,789 tons of coal for the war department not 15,000. He said Wentz company received \$36,000 in commission and waived \$101,000 which could have been secured by it if it had taken full advantage of its contracts.

The witness denied that the interstate commerce commission coal service orders allowed mines to break contracts to furnish coal, saying they merely allowed operators to postpone deliveries.

ENFORCEMENT OF
DRY LAW TOUGH
JOB MYERS SAYSTells Appropriation Com-
mittee He Needs Big
Force and Large FundDeclares Law Paid Agents
Are Tempted By Bribes
Offered By Crooks.

Washington, Jan. 6.—Revenue officers under the Volstead act "are up against the toughest proposition any men ever were up against," according to Paul P. Myers, assistant commissioner of internal revenue, whose testimony before the house appropriations committee was made public today.

Discussing the need of a big force and plenty of money with which to go after wholesale and retail bootleggers, Mr. Myers declared it was "a tough proposition" because they were dealing with the worst element of crooks in the country.

It developed at the hearings that the bureau would need about seven million dollars for the next fiscal year for prohibition enforcement. Members insisted that with the deficiency to be taken care of later the amount would exceed \$9,000,000.

Commissioner Williams explained that the department was having difficulty in finding the right kind of men to go after bootleggers at the rate of pay offered and that they were open to all sorts of temptation, particularly as to bribes.

"Some of them have fallen and that was to be expected," he said. When a man feels the pinch of hunger he is apt to go wrong.

Based upon the figures of September 30, Mr. Williams said there were 48,000,000 gallons of liquors of all sorts in government warehouses and that it was being withdrawn at the rate of 4,000,000 gallons a month. The commissioner declined to venture an opinion how long it would be before the country was actually "bone" dry.

David J. Davis.
David J. Davis was born near Granville, Licking county, on December 25th, 1855, and died December 31st, 1920, aged 65 years and six days. He was one of a family of six children born to Evan and Elizabeth Davis.

Two sisters survive him: Mrs. Mary Barber, Nebraska, Mrs. Elizabeth Williams of Harrison township. The others, Mrs. J. C. Newell, Mrs. O. J. Griffith and Miss Ella have preceded him to the better land.

On March 29th, 1883, he was united in marriage to Miss Margaret Davies, who passed away nearly two years ago. To them was born one daughter, Mary Ethel, who survives him. He attended the Welsh Congregational church until after his marriage, when he united with the First Presbyterian church, Granville, where he has been a faithful member. He was an active member and officer of the local grange.

In the death of David J. Davis the community has suffered a great loss, as he has been a true friend to every one, and no task was too hard for him, and his life is to be remembered. He was very active in the local Sunday school where, for years, he was a teacher and officer.

Words cannot express the esteem in which he was held by all who knew him. In his going a pall has fallen over the entire community. We feel the duties of life will be harder by reason of the loss we have sustained. We can all profit by imitating his virtues, for he lived a life unusually unselfish in his devotion to others.

SEEMED TO ME EVERYTHING I LATE CAUSED INDIGESTION TROUBLE, SAID THIS LADY

Gas formed on her stomach and she would be in misery several hours after eating

EARLE'S HYPO-COD BROUGHT HER RELIEF

"I suffered from indigestion. I had so much gas on my stomach it seemed as though everything I would eat would form gas and I would be in misery for several hours. I ate very little and sometimes I would go for a whole day without eating anything," declared a lady whose address is given below. "I secured a bottle of Earle's Hypo-Cod because I had seen it advertised in the local paper and am now getting back my appetite again. I can eat anything that comes along—meats, vegetables, or pastry—nothing hurts my stomach a bit. In fact, I get hungry now before meal times and eat things that I haven't been able to eat for years. I also rest just one at night, six to eight hours without ever waking up where before I used to sit up in the bed wide awake for hours. My nerves are so much better."

"Hypo-Cod has helped me and if anybody wants to come here, I will tell them personally what a lot of good this tonic has done me. I have taken many medicines, but Hypo-Cod has done more good than all the rest put together and I am a woman going on 74 years," continued Regina Seidenabel, 347 W. Town St., Columbus, Ohio.

Good health, more strength, better appetite and digestion strong lungs, steadier nerves and richer blood means better work, easier work and more fun out of life.

Earle's Hypo-Cod is simply a newer, more modern, more powerful tonic and it is so pleasant to take even children love it and elderly folks say it agrees perfectly with the weakest stomach. See formula on the bottle. Druggists, chemists and thousands of users endorse it. Be sure you get the genuine Earle's Hypo-Cod in orange colored carton. You will be delighted with the way it builds you up. Get a bottle tonight.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns.

LANCASTER HIGH PLAYS FRIDAY

Newark High Athletes Preparing For Hard Game With Basketball Squad From Fairfield Co.

The Newark high school basketball team will play the second game of the season Friday night at Harvey Hall, Lancaster high school will be the opponents of the local team. The Lancaster team has an excellent record this year. It defeated South high of Columbus by a big score and South of Springfield by one point. According to this Lancaster must have an exceptionally fine team this year. It has been said that it is one of the best in the history of the school.

Newark is working hard this week after the rest over vacation and should be in good condition for the game. As was shown in the game with North high the team has ability and can play when it gets started.

Coach Miller is now able to find the weak spots in the team and will be able to strengthen them. The game will undoubtedly be one of the best of the season.

Extra seating space has been provided for this game since so many were turned away at the last game.

Y DIRECTORS O. K. PLANS FOR TAG DAY

The opening of boys' rooms at the Y. M. C. A. where the younger members of the association can have full sway is one of the objectives of the winter program. That the new quarters are a success is shown by the full house after school hours both at noon and more especially after 5:30. The entire second floor space outside of Taylor hall and the office is used by the boys.

The Y. M. C. A. board yesterday approved the plan for the boys of the Y. M. C. A. to put on a tag day Saturday to buy a Victrola and other equipment. The tag day will be strictly a boys proposition, the selectors being the younger group and all the money raised will be used to equip the boys' rooms.

Parents and friends of the Y. M. C. A. are invited to inspect the new rooms at any time either during school hours or better yet when the school is out and the rooms are being used. The "Terrible Circle" will direct the teams for the tag day teams and other announcements will be made tomorrow.

The Victrola found in the new boys' rooms at the Y. M. C. A. has pleased the boys that they are anxious to work for it to keep it in the rooms. They expect tag day to solve the problem.

OIL AND GAS NOTES

Prospectors are for a ten barrel oil well or better in the Berea sand at a depth of 500 feet on the M. A. McConnell farm one mile east of Keene, according to officials of the Keene Oil and Gas company. The well was shot Monday afternoon at 4 o'clock in the presence of several dozen interested residents of the community.

Developments were awaited Tuesday as the hole slowly filled with the oil, which was to be bailed out late Tuesday and measured. If it comes up to the ten-barrel standard the Berea sand will be developed. If not the hole will be put down to the Clinton sand, two thousand feet deeper. The work at any event will be continued without delay.

MEDICAL INSPECTION SHOWS MANY DEFECTS

Forty-three school children out of a group of 50, examined by doctors and dentists in the public schools recently, needed dental work. Superintendent O. G. Barnes said Wednesday afternoon at the meeting of the Hudson Park Parent Teachers Association. Out of the same number eight girls were suffering from goiter and several cases of incipient tuberculosis were discovered. Eye, ear and throat troubles, including diseased adenoids and tonsils were found in many children. These facts were given to show the need of medical inspection in the schools and the benefits which would result from such inspection.

O. S. U PLANS 13 NEW BUILDINGS

Appropriation of Four Millions Will Be Asked by the Trustees.

Want New Buildings For Department of Journalism and Commerce.

Columbus, Jan. 6.—Ohio State University will be in the midst of a building boom of first magnitude about July 1, if the legislature appropriates \$4,915,000, asked for by the trustees for an expansion program.

Thirteen new buildings are included in the plans, and, according to Carl E. Steel, secretary of the board of trustees, plans are in such shape that contract letting and other details could be pushed to make the buildings available for a year hence. The building program embraces:

A new unit for the power plant, three times as big as the present structure, costing \$234,000.

A new building for the college of education, costing \$500,000, and a new one for the college of journalism and commerce, costing \$480,000. The two colleges now are widely distributed throughout the campus, making for inefficiency, it is said.

A new general hospital to cost \$850,000. It would dispense with the \$250,000 annual expense for medical students, now paid as rental to two local hospitals, and would give infinitely better service and training to medical students, Steel declared.

An agricultural engineering building to cost \$360,000, also to be of use to mechanical engineers.

An automotive engineering laboratory building to cost \$80,000; a wireless laboratory, \$10,000; horse barn, \$47,000; dairy cattle building, \$85,000; chemistry building, \$275,000; and recreation and administration building, \$740,000.

The new administration building would displace the present University Hall, which would be used solely for recitations. The chemistry building would be an addition to Robinson Hall.

The buildings to house animals would be placed across the Obetzky river, and a new lot to be added to the campus for the expansion work would cost \$50,000.

Secretary Steel pointed out that the University has not grown physically for two years because of the war conditions and the scarcity of building prices and general conditions.

Before the war, according to Steel, at least one new building, and sometimes two, were added to the university at an annual average cost of \$180,000.

The present university plant was intended for an enrollment of between 4,000 and 5,000 students, which will be half of classes there within the next one or two years, Steel thinks.

The university has \$140,000 to be paid for newly erected, or to be erected, buildings between 40 and 50, and to pay salaries increases for those meeting them.

HUMANE OFFICER'S WIFE ASKS FOR INJUNCTION

Hope S. Coen in a petition for injunction filed at the Alexander L. Coen in common pleas court yesterday, asked for an order to keep Mr. Coen from collecting and keeping the contents from the boarding house operated by Mrs. Coen and to keep him from disposing of their joint personal property. The petition alleges that Mr. Coen, who is an officer of the Society for Prevention of Cruelty to Animals here, squanders his salary for intoxicating drinks, that he collects debts and keeps them for his own use and that he threatens to sell their household goods and property. H. G. Smythe represents Mrs. Coen in the petition for injunction.

MR. J. TRUMPOWER HAS MORE POWER AND ENERGY NOW
Has gained ten pounds, full of ambi-
tion, sleeps sound and never has a
pain since he took Drecto.

"I certainly think Drecto a fine medi-
cine after the way it has brought me
out," declared Mr. J. Trumpower of 93
Maholm Street, Newark, Ohio.
"My condition was pretty low and I
had backache and pains in my joints
all the time. My kidneys were weak
and my liver was lazy. I couldn't sleep
sound and my feet would sour in my
stomach and the gas made me very un-
comfortable."
"I've taken four bottles of Drecto
and everyone noticed the change in my
looks, and I sure can feel the change.
I have gained ten pounds in weight
and feel full of power and energy all
the time. Drecto strengthened my kid-
neys, cleaned off my liver, got my
stomach in fine condition and I never
have a dizzy spell nor a coated tongue.
Drecto is fine and I strongly recom-
mend it."

Drecto is being specially introduced
by Evans' Cut Rate Drug Store in
Newark and sold by all druggists.

CHURCH TRIES OUT NEW WEEKLY MEETING PLAN
A new plan adopted by the Second
Presbyterian church was inaugurated
last night when more than 90 persons
sat down to supper. At 7 o'clock, as
the group of young ladies cleared the
tables, familiar hymns were sung. A
short devotional service was then fol-
lowed by an address by Dr. McCor-
mick of the First Methodist church
using as his theme, "A Survey of the
Credo of the Mayflower." The speaker
after laying the historical foundation of
the movement of the Pilgrims to Amer-
ica, spoke at length of those persistent
benefits which American character has
derived from that group of men and
women.
The plan inaugurated last night in-
cludes a supper on Wednesday evening
of each week, to be followed by a
specially arranged religious program.
These programs beginning at 7 o'clock

CHURCH TRIES OUT NEW WEEKLY MEETING PLAN

A new plan adopted by the Second
Presbyterian church was inaugurated
last night when more than 90 persons
sat down to supper. At 7 o'clock, as
the group of young ladies cleared the
tables, familiar hymns were sung. A
short devotional service was then fol-
lowed by an address by Dr. McCor-
mick of the First Methodist church
using as his theme, "A Survey of the
Credo of the Mayflower." The speaker
after laying the historical foundation of
the movement of the Pilgrims to Amer-
ica, spoke at length of those persistent
benefits which American character has
derived from that group of men and
women.
The plan inaugurated last night in-
cludes a supper on Wednesday evening
of each week, to be followed by a
specially arranged religious program.
These programs beginning at 7 o'clock
will close at 7:45 sharp. The rest of the
evening will be spent in social contact,
committee work and varied literary and
musical programs.

PHONE SERVICE IS NOW RESTORED AFTER FIRE
Service has been restored to the tele-
phone subscribers of the Newark Tele-
phone company in West Newark.
A fire at the west sub station dam-
aged the straight line or independent
line switchboard, and the company has
experienced some difficulty in securing
another board from the manufacturers.
The board arrived yesterday and was
installed at once, service being resu-
med at an early hour this morning.

About 98 subscribers have been af-
fected, some of these being given ser-
vice on the party lines during the emer-
gency.

ISLAND VOTES DRY.
Stornoray, Scotland.—The island of
Lewis, the largest of the Outer Hebrides,
has overwhelmingly voted "dry"
in the prohibition poll taken here.
For total abolition there were 720
votes; for no change, 149, and for limi-
tation of drink licenses, 5.
As a result, all licenses on the island
will be annulled next May.
Lewis is a rugged island which
abounds in ancient Druidic structures
and ruined old-time fortresses.

Music Increases Output.
Transplanting rice in the Philippines costs about 40 centavos a day, with two meals, cigarettes and betel nut, but when music is provided the output of work is increased 30 per cent, says the New York Medical Journal. It is often a blind man who plays. He sits on the low dike and sings the old folk songs to his guitar, and frequently the workers join in the chorus. Some of the large stores in the States also tried the effect of music with good results.

MEN OF CHURCH COOK AND SERVE SUPPER

A church supper prepared and served entirely by the male members of the congregation, marked the annual meeting of Plymouth Congregational church held last night in the church basement. C. V. Wise, chairman of the board of trustees directed the affair, the chief cook being Mr. Nutter. Women were barred from the church basement for 48 hours before the dinner, so the men could claim all the credit for the event. The men washed the dishes. The tables were tastefully decorated. The flowers were sent to the members of the congregation who were known to be ill.

At the close of the dinner the business meeting of the church was held. Reports showed that all bills were paid with a substantial surplus in the treasury and that more money had already been subscribed for next year than was raised last year.

It was voted to make a substantial payment on the indebtedness of the church and to increase the minister's salary \$200. While the members of the congregation feel that this increase is but a slight evidence of the appreciation they have for the work of the pastor Rev. Carlos Hanks, they assert that considering strength, Plymouth Congregational church, is paying its minister the largest salary of any church in Newark.

One notable achievement was the raising of \$1000 during the year by the Ladies association.

The following officers were elected for next year:

Treasurer, Mr. Keller.
Financial Secretary, Mr. Ellis.
Treasurer Building Fund, Chas. R. Jones.

Deacons, Mr. Ellis Chas. VanTassel, Trustees, Mr. Passman, Mr. Davis, Mr. Bick.

Clerk, G. D. Ryan.

Ushers, Chief, Messrs Ryan, Wolfe, Bonar, Frederick, Jones, George, Hogges, Frederick Hanks, Davis, Chas. Jones.

Sunday School Superintendent, Chas. Jones.

Treasurer church Missionary Fund, Miss Henrietta Jones.

Deaconesses, Mrs. G. C. Jones, Miss Ollie Miller.

FIGHT, LONG DELAYED LANDS TWO IN COURT

Clara Furber of the Welsh Hills and John Snowden of this city were arrested last night at 8 o'clock at the Trust building on the charge of fighting. Officers Dush and Jesse Glover separated the boys but only after the out-of-town boy had demonstrated a slight superiority over Snowden. The boys were released on bond for appearance this morning, the Snowden boy going to municipal court where he was fined \$5 and costs on the charge and the Furber boy, who is only 16 years old, to the juvenile court where he was ordered with a warning not to pick out so public a place to fight in the future.

According to Chief of Police Sheridan the quarrel was one of long standing. Furber boy having been invited to town several times to fight. Furber told the police that yesterday was the first time he could get away from work so he could fight.

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone far that an operation is deemed advisable. There is no one who will surely pay any woman who suffers from ailments peculiar to her sex to give this good old-fashioned remedy a fair trial.

STOMACH ULCER GONE SUFFERED 16 YEARS

Says his stomach is perfect now, and his weight has increased.

"I had ulcers of the stomach so bad that I was sent to the hospital. Treatment was finally not on my feet, but in a few days I was down again."

"After six years of suffering, I was told to give up, but I tried it anyway. It did for me what could not be done by any other means. I have now gained weight and my stomach is in perfect condition. I feel better and weigh more than I have for 16 years, and I have had stomach trouble all of that time."—L. S. Walker, Greenville, S. C.

Thousands of people who have suffered from chronic stomach trouble in its worst form, have been permanently cured and soon returned to perfect health by Mils Emulsion. A trial will show, and a trial costs nothing.

**SPORTSMEN WANT
LICENSE ANGLERS**

Fish and Game Department
Will Recommend Law
to Legislature.

A Nominal Charge of Fifty
Cents Per Year Is Pro-
posed as Fee.

Columbus, Jan. 5.—A subject an-
gler's license will be one of the im-
portant measures recommended to the leg-
islature by the Fish and Game Com-
mission of the Ohio Department of Agri-
culture, at the opening session. The
need of an angler's license has been
recognized by the commission for more
than a year, and has been discussed
throughout the past season. The com-
missioners' report on the subject is
urging the adoption of such a law.

The proposed license would be fifty
cents per year, exempting children un-
der 16 years of age. The fee is to be
used in buying more fish, in further
clearing up polluted streams and in
greater work of propagation and in
stocking with fish. A report of the
hunters and trappers is also made
for all of the work out of the hunters and
trappers' license money. There are
thousands of fishermen who do not
hunt and who could be paying for
their share of the work. According to
A. C. Baxter, chief of the fish and game
bureau, the angler's license would mean
in sufficient funds to start a fish hatch-
ery along all the larger streams and to
provide for the propagation of every
county where there is a suitable con-
dition. The fund fisheries, in present
as well as the operations of the fish-
ery, are supported by the hunters and
trappers.

The hunters and trappers' money
open up Lake Erie marshes and are
held by private persons, and are not
to all the people, and to some of the
refugees as well as to the work of the
work in producing game. Ohio could
have another game farm. Baxter says,
"The sum of fifty cents per year for
better fishing can work no harm to any-
one. Those who will have to pay are
enduring it. This is the only way
of the taxpayers and of those who
never go fishing. It is strange that
what little opposition has been heard to
this license so far comes from those
who will not have to pay it, probably
because they do not understand fishing
conditions in Ohio."

Baxter also advises that as the popu-
lation increases, more fishermen are
afforded each year, and the work of pro-
ducing more fish for Ohio waters, to
supply the fishermen and to prevent de-
pletion, can be carried on only through
an angler's license system. It is esti-
mated that 300,000 persons fish in Ohio
streams and lakes each year. This li-
cense will not be merely a tax for the
privilege of fishing, but will be a plan
whereby Ohio can have better fishing
and the work of fish propagation and
restocking can be more than doubled
and immediate results obtained.

FORD NEWS

The following letter has been received by the local dealer,
A. P. Hess Automobile Co., and will prove of interest to all pros-
pective purchasers of Ford cars:

TO ALL FORD DEALERS:

Several inquiries have recently come to us concerning the likelihood of
another reduction in the price of our cars, and as these inquiries no doubt
emanate from prospective purchasers, we want to state again with greater
emphasis that Ford cars are already being sold at a figure actually below cost,
and for an indefinite period another reduction or change in design is entirely
out of the question and not at all contemplated.

We believe the public will be fair enough to fully appreciate the frankness
of the above when they consider the extent of our recent price cut which was
in fact the equivalent of several reductions in one, in our desire to contribute
toward satisfying their demands for lower living costs notwithstanding our
sacrifice in marketing our cars at a loss until we are able to materially reduce
present costs through lower material prices and greater manufacturing effi-
ciency. While we have of course made some progress in bringing down oper-
ating costs, we still have a long way to go before any thought can be given to
further reductions in present car prices, so we have no hesitancy in making
these open statements to acquaint you with the true situation.

You can therefore give assurance to prospective purchasers of Ford cars
that now is their real opportunity to buy below cost and obtain delivery.
Everyone is familiar with the heavy demand for Ford cars in the spring, and
this year will be no exception, as in spite of conditions, business is already
rapidly accumulating, so that many who desire Ford cars will be obliged to
wait perhaps until midsummer for delivery, causing considerable inconvenience
and possibly financial loss, particularly to commercial customers.

We expect you to protect the interests of prospective buyers in your com-
munity by placing these facts before them.

"THE REVENGE OF TARZAN"
AT AUDITORIUM THEATRE
The Revenge of Tarzan, which
comes to the Auditorium theater for
two days, commencing Friday, is the
seven-reel version of the famous story
"The Return of Tarzan," by Edgar Rice
Burroughs. It is produced by the Numa

Pictures Corporation and is distributed
by Goldwyn. This second screen story
of Tarzan, the ape man, one of the
most picturesque fiction personalities
conceived, depicts his thrilling expe-
riences among civilized peoples, and his
eventual return to his jungle home.

GEO. M. COHAN'S
COMEDIANS IN "MARY"

The Auditorium will have as its at-
traction next Tuesday evening the mu-
sical comedy success "Mary" presented by
George M. Cohan's Comedians under
the personal direction of the famous
actor-author-composer himself. This
delightful musical play with a title that
is synonymous of a "Grand Old Name"
is the combined work of Otto Harbach

who wrote the book, Frank Mandel who
indited the lyrics, which is set to the
music of Lou Hirsch. Each of these
authors have to their credit the fact
that their names have been connected
with some of the greatest successes of
the last few seasons. In "Mary" the
story provided is interesting from the
fact that it deals with the fortunes of a
young man who has an idea which he
endeavors to develop into a financial
success. He attains this end but in an
entirely different way than expected
as his idea proves to be in itself a fail-
ure, it was but a means to wealth. Mr.
Harbach has interwoven a pretty love
interest in his story. The music con-
tains not a few lulling melodies en-
hanced by delightful lyrics. The most prom-

inent musical numbers are "The Love
Nest," "Mary," "When a Girl Exits
Laughing," "Tom Tom Toodle" and
"Waiting."

The cast presenting this big musical
has been carefully selected by Geo.
M. Cohan and includes the following:
Marguerite Zender, Richard Pele, Joe
Smith, Marla, Eva Olivetti, Joseph Mc-
Callion, Thomas J. Gray and Frank W.
Sherr. Mail orders are now being re-
ceived. Seats on sale Saturday.

"LOVE WITHOUT QUESTION"

A crime committed in the abandoned
room with the door and window
locked on the inside forms the basis of
the plot of "Love Without Question,"

the feature attraction appearing at the
Grand theater today and tomorrow.

"Love Without Question" is adapted
from the novel "The Abandoned Room,"
by C. Wadsworth Camp, produced un-
der the personal supervision of B. A.
Rolfe for Jans Pictures, Inc. Olive Tell
is starred supported by a strong cast.
Those that enjoy real mystery stories
will find this production to fill every
want and, according to the manage-
ment, the suspense has been so well
maintained and the story so well work-
ed out that a person will be unable to
solve the mystery until the very last
scene. It is understood that Olive Tell
is seen in a strong dramatic part as-
sisted by such well known screen players
as James Morrison, Mario Marjaroni,

Ivo Dawson, Charles Mackay, Gordon
Hamilton, Peggy Parr, George S. Stev-
ens and Floyd Buckley.
